

## Slinfold CE Primary School and Pre-School – Geography

Topic: Weather Study		Strand: Geographical Skills and Fieldwork																		
What should I already know?	What will I know by the end of the unit?	Vocabulary																		
<p>The names of the seasons and related weathers changes. Can describe the daily weather using simple vocabulary and recognise that weather changes seasonally and daily.</p>	<p>Months of the year and seasons Differences between the seasons Features of different seasons Clothing worn in different weather. Weather types in the UK. How the weather affects different jobs. In the UK, there are four different seasons. Each season has different weather types. Winter is cold, wet and windy. It snows in some areas and gets dark early. Spring brings warmer weather. Flowers start to grow and lambs are born. In summer, the weather becomes hotter; there is often less rain, but there may be thunderstorms. The weather starts to get colder in autumn. Leaves change colour and fall off the trees.</p>	<table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <td style="padding: 2px;">rain gauge</td> <td style="padding: 2px;">a tool you can use to show how much it has rained</td> </tr> <tr> <td style="padding: 2px;">season</td> <td style="padding: 2px;">A time of year with a particular kind of weather</td> </tr> <tr> <td style="padding: 2px;">temperature</td> <td style="padding: 2px;">How hot or cold it is</td> </tr> <tr> <td style="padding: 2px;">weather forecast</td> <td style="padding: 2px;">explaining what the weather will be like</td> </tr> <tr> <td style="padding: 2px;">rain, snow, sunshine, wind</td> <td style="padding: 2px;">weather types</td> </tr> <tr> <td style="padding: 2px;">inside</td> <td style="padding: 2px;"></td> </tr> <tr> <td style="padding: 2px;">outside</td> <td style="padding: 2px;"></td> </tr> <tr> <td style="padding: 2px;"></td> <td style="padding: 2px;">All months of the year</td> </tr> <tr> <td style="padding: 2px;"></td> <td style="padding: 2px;">Names of the seasons</td> </tr> </table>	rain gauge	a tool you can use to show how much it has rained	season	A time of year with a particular kind of weather	temperature	How hot or cold it is	weather forecast	explaining what the weather will be like	rain, snow, sunshine, wind	weather types	inside		outside			All months of the year		Names of the seasons
rain gauge	a tool you can use to show how much it has rained																			
season	A time of year with a particular kind of weather																			
temperature	How hot or cold it is																			
weather forecast	explaining what the weather will be like																			
rain, snow, sunshine, wind	weather types																			
inside																				
outside																				
	All months of the year																			
	Names of the seasons																			
<p><b>Geographical skills and fieldwork</b></p> <p>Study, collect and analyse data over a set period – this could be temperature, cloud cover, rainfall, sunshine or all of these Make a photo record of weather/seasonal change through the year (make a time lapse/stop motion) Understand, draw and use weather symbols Monitor the weather daily and discuss changes – relate this to the changes of season Use weather related language to describe weather/be a weather forecaster</p>
